CPT RACING MANUFACTURING STEEL BIRDCAGES

CPT RACING MFG BIRDCAGEShave Bind Free Nylon Or Steel Bearing Insert, Double Shear Design, Adjustable Shock Drop with Adjustable Shock Mounting Locations as well as Radius Rod Mounting Adjustment Holes.

The Shock/Spring mounts are adjustable 3 inches to allow for 4", 5", 6" and 7" shock drop capabilities in 1/2" increments. Also these mounts are horizontally adjustable in 3 different locations allowing for even further tuning. Standard 4 bar mounts are adjustable on top and bottom for forward bit adjustment options.

These Handcrafted, Jig Built Birdcages are designed for Rugged Conditions, Ease of Adjustability, and Low Maintenance to help you get to the winners' circle. We also can build any special needs or options upon request. Please call us today!!!
